Company Profile

Kinchla Group Limited is a professional manufacturer of cat supplies in China since 2009. We are dedicated to creating safe, fun and functional cat products such as cardboard cat scratchers, cat beds, cat toys, cat trees and cat lounges. Our experienced and hard-working team have an eagerness to deliver innovation designs, high quality and cost effective products, and best services.

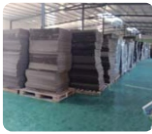

Why Need A Cat Scratcher

Most cats are attracted to anything with a nubby, coarse or textured surface, or something they can really sink their claws into. Instead of scratching the leather or wooded furniture, cats will be happier to scratch better-feeling cardboard.
